

Cleaning to Prevent Errors

Lucky Stripe Bill Acceptor Cleaning Card

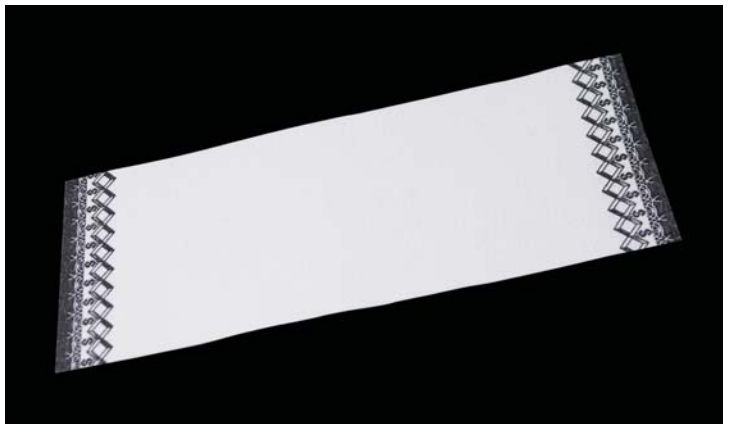

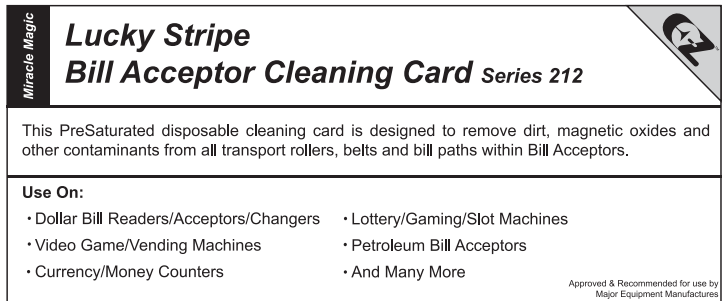

K2-BMB50M

This product is designed to help maintain a high acceptance rate in a variety of bill acceptors. When inserted it will:

- Clean the components that it bypasses within the bill acceptor, removing dirt and contaminants

Use as:

- A scheduled maintenance product to maintain/increase high acceptance rates
- An emergency maintenance product to correct failed acceptance

How Cleaning Cards Work

Transaction devices, such as card readers and thermal printers, need to be maintained for performance reliability. Cleaning cards safely and easily remove dirt and other contaminants from within these devices without costly outside assistance. Each transaction device requires specific cleaning products to be used as preventive or corrective maintenance.
