

Cleaning to Prevent Errors

MICR / Check Reader Cleaning Card

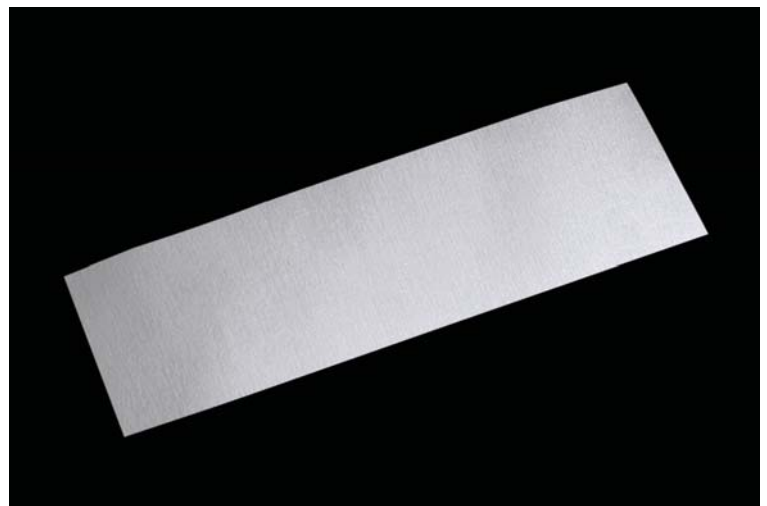

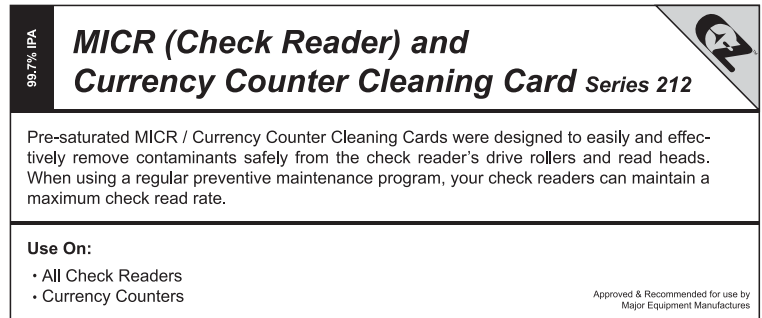

K2-MCRB25

This product is designed to clean the read heads within check readers. When inserted it will:

- Clean the top of the magnetic heads
- Clean the check pathways
- Clean the check transport belts and rollers

Use as:

- A scheduled maintenance product to prevent check reader failures
- An emergency maintenance product after check reader failures

How Cleaning Cards Work

Transaction devices, such as card readers and thermal printers, need to be maintained for performance reliability. Cleaning cards safely and easily remove dirt and other contaminants from within these devices without costly outside assistance. Each transaction device requires specific cleaning products to be used as preventive or corrective maintenance.
