Check Scanner Cleaning Card Series 212
4" x 6" (101,6mm x 152,4mm)

WAFLE TECHNOLOGY

This presaturated Check Scanner Cleaning Card is designed to remove endorsement ink residue, paper flash, and other debris left behind during normal operation, from lenses and pathways within the Scanner.

Features & Benefits:

- The only card that reaches and cleans the recessed scanner lenses.
- Unique "Independent Suspension" dramatically increases cleaning pressure.
- Cleans other surfaces traditional flat cards can not touch.

Use On:
Check scanners with a manual feed option and a 4" wide check feed path.

Pouch Back

Recommended Usage:
Use this product once per week or once every 2000 checks for high volume scanning

Directions:

1. Remove the Ink Cartridge from the machine if present.
2. Start an application, which will feed documents.
3. Run the cleaning card through the scanner 3-7 times.
4. Rotate and flip edge to edge so that each time the card is fed through with a different orientation.
5. Cancel the application, discard the used cleaning card, and replace the ink cartridge if needed.

EXPANDS TO REACH RECESSED AREAS

The cleaning waffles spring loaded design expands to reach recessed areas cleaning the scanner lenses. As the cleaning card continues through the scanner pathway, it will remove built up contaminants such as paper flash, ink residue, and dust that accumulates through normal operation.
